Mountain Cookies

Shared by Sarah Peters

Ingredients

- Refrigerated sugar cookie dough
- White frosting carton
- Blue and red food coloring

Make Cookies

1. Press cookie-sized portions of dough onto a baking pan.
2. Cut into triangles with a knife or cookie cutter.
3. Bake according to directions.

Decorate

1. For purple mountains, mix about two-thirds of the carton of white frosting with equal parts of blue and red food coloring for the desired color. Other colors are fine too!
2. Frost the bottom two-thirds of the cookies with colored frosting.
3. Frost the top third with white icing for snow. Sprinkle "snow" with coconut, snowflake sprinkles, or whatever you like!
